BOUNTY LAND.
BOUNTY LANDS.
IMPORTANT NOTICE TO
SOLDIERS, SEAMEN
AND THEIR
Widows and Minor Children.

A BILL has passed both Houses of Congress, granting Bounty Lands to the following classes of persons, viz

One hundred and sixty acres to all who have SERVED FOURTEEN DAYS, IN ANY WAR of the United States, provided they have not received Land.

One hundred and twenty acres to all who have so served and have received 40 acres

Eighty acres to all who have so served and have received 80 acres.

And if the soldier has deceased without obtaining 160 acres, the same allowance as above is made to his Widow, or if no Widow, to his Minor Children.

Service in the Revolution—in the War of 1812—and in all the Indian Wars, is provided for by said Act.

And all who served the above period in the drafted Militia of the State of Maine in the year 1839, in what is known as the

AROOSTOOK WAR,

Are entitled to its benefits. Also the Militia called out by State Authority, and who served the above period, and whose services have been paid for by the United States, and their Widows, and Minor Children.

The subscriber is prepared to receive and prosecute all claims arising under said Act, with promptness and despatch, and upon as reasonable terms as other Agents.

He has many Military Rolls and Copies in his possession, and especially very full ones of the Militia drafted for the Aroostook service in 1839.

As inducements to commit claims to his charge, he ventures to rely upon his long and well known experience and success in those of a similar nature.

He will, if preferred, Purchase the Land Warrants at fair rates.

Application may be made to him at his Office, or if requested by letter, he will send to claimants Declarations, with suitable directions, which may be executed without the parties leaving their homes.

To secure the receipt of a Warrant early, apply early.

GEO. B. MOODY,

Counsellor at Law, and Agent for Pensioners and Bounty Land Claimants.

Office in Dow's Block,

Corner of Hammond and Central Sts, Third Story.

Bangor, March 5, 1855 d&wtf

BOUNTY LANDS.

THE hundreds of soldiers for whom Land Warrants of less than 160 acres have been procured by

Isaac & John L. Hodsdon,

and if deceased, their widows or minor children, and all others entitled, can receive the benefit of the new Act, personally or by letter, to General ISAAC HODSDON, at Exeter, or the subscriber at Bangor.

John L. Hodsdon,

2d STORY DOW'S BLOCK, formerly occupied by *McCRILLIS & CROSBY*.

400 LBS. WHITE WINDSOR SOAP, old and dry, warranted genuine, for sale very low by GUILD & HARLOW corner Exchange and York streets.

jn2

More Bounty Lands.

BY the Act of Congress passed March 3, 1855, all Officers, Soldiers, and Seamen who have served FOURTEEN DAYS in any war of the United States since 1775, are entitled to 160 acres of land, if they have not received it. Those who have received 40 or 80 acres, are now entitled to enough more to make up the 160. Those who have received 160 acres are not entitled to any more. The benefit of this Act extends to the widows and minor children of the soldier, but to no other heirs. Those who have been engaged in BATTLE are entitled to 160 acres without regard to the period of their service.

Persons having claims under this or any other Act, will have them promptly attended to by calling on, or writing to, A. L. RICHARDSON & CO., 11 Railroad Exchange, Court Square, Boston, who pay cash for warrants.

N. B.—We have faithful and experienced agents in Washington, and we make no charge in any case, unless we obtain the land.

Boston, March 28, 1855 3taw4m

UNITED STATES
Bounty Land Agency.
Press Forward Your Claims!

ARMY and Navy Officers, Soldiers, both Regulars and Volunteers, Sailors, Marines, Flotilla-Men, Musicians, Wagon Masters, Teamsters, Indians, and all persons who may have served fourteen days in any of the Wars of the United States since the year 1790, the law of 1855 gives each of you, who have not heretofore received a Warrant for Land One Hundred Sixty Acres! And to all who have received Bounty Land, enough more to make One Hundred and Sixty Acres.

In the case of the death of the person entitled to and, his Widow, or if no Widow, the Minor Child or Children are entitled to the Bounty.

We are prepared to promptly prosecute all claims for land, and will supply Justices of Peace, County Clerks, Commissioners of Deeds, Notaries Public, Lawyers and all others, with the necessary instructions and blank forms, free of cost, on application, by mail or otherwise.

When desired, we will sell the Warrant at the market price, and remit a check for proceeds.

mch27 d6m

BOUNTY LAND!
B. H. MACE,
Counsellor and Attorney at Law,

WOULD give notice that he is prepared to prosecute all claims to BOUNTY LAND under a recent act of Congress, granting 160 acres to all who have served 14 DAYS in any war since 1790.

Those who have received 40 acres are entitled to 120, those who have received 80 acres are entitled to 80 more. The Aroostook Soldiers (Militia) are included in the above provisions. Widows or minor Children of deceased Soldiers, are also entitled.

Mr. M. having procured many Warrants under the former Acts, and being in possession of the Rolls, feels confident that he can give entire satisfaction to all who may place their claims in his hands.

No charge unless successful, and the highest market price PAID to those who wish to sell. *Office in Baldwin's Block, West Market Square, next door to A. W. Paine's office.*

Bangor, March 6, 1855 d&wtf

Land for sale.

CITY OF BANGOR.
Public Notice.

ALL persons wishing to call attention to any matter connected with the public service, or to report the neglect of duty on the part of any Municipal Officer, will find a box attached to the door of the Aldermen's room, in which to deposit their communications. To receive attention they should be addressed to the Mayor, and signed by the person complaining.

J. L. HAYWARD, Mayor

March 27 tf

REAL ESTATE.
For sale at a Bargain!

THE subscriber, wishing to change his business, offers his *Tavern Stand*, (the well known "Mansion House,") and Farm, for sale at a "bargain".

The house is well located, and has a good run of business; is new, constructed after the most approved plan, and is thoroughly finished, painted and papered from cellar to attic.

Connected with the house is a good Wood shed, 20 by 70 feet; Stable 36 by 74 feet, Carriage-house 16 by 64 feet, Barn 44 by 81 feet, with shed attached 20 by 60 feet. The above buildings are all new and in perfect order. The House and Stable are supplied by aqueduct from a never failing fountain of pure water.

The Farm consists of 135 acres of good land, (100 acres of which is in pasturage and tillage,) and under a high state of cultivation; cuts from 50 to 60 tons of hay, and has upon it the largest and best orchard in Hancock county.

The Stock and Tools of the place will be sold with it, if desired, also, some very desirable lots of Wood Land.

The above offers great inducements to any one wishing to purchase, as it will be disposed of at a great sacrifice.

For further particulars inquire of D. B. SILSBY, of Silsby's Express, or on the premises of

DAVID SILSBY

Aurora, June 15, 1855 3tawd&w

House Lots for sale.

A number of House Lots, in size to suit purchasers, some containing one third of an acre, and a number smaller, on high dry land, where is good water and pure air—not more than ten minutes walk from Kenduskeag Bridge. One piece, containing two acres, adjoins J. F. Godfrey, Esq., land. No pleasanter situations can be found in the city, and they will be sold at a moderate price, by SIMON NOWELL.

April 11, 1855 3m

House for Sale.

A Tenement in the Somers Block, on Pine street, owned by the subscriber, is hereby offered for sale. It is about four minutes walk from East Market Square, a good house for keeping boarders, and can be comfortably occupied by two small families. There is a wood shed, a good well of water, and a garden spot attached. For further particulars enquire of the owner on the premises. ALONZO BARNARD.

Bangor, March 20, 1855 dtf

Farm for Sale.

The undersigned offer for sale the FARM belonging to the Town of Brewer, containing one hundred acres with the buildings thereon standing, at a price which will be a great inducement to purchasers. Said Farm is situated on the river County road leading from the town of Brewer to the town of Eddington—is within a few rods of a school-house and two meeting houses—fronts on the Penobscot River, where is one of the best fishing privileges on the same, and drift stuff of almost any amount may be secured. Possession given at any time desired. Apply to

Try it! Try it!! Try it!!!
G. W. STONE'S
LIQUID CATHARTIC
—AND—
FAMILY PHYSIC,

The most important discovery ever made in Medical Science, being a compound of Barks and Roots, which forms the most powerful, safe, and agreeable physic ever offered to the public.

THE necessity of such a medicine has long been felt both by the heads of families and physicians. Its advantages over cathartics given in the form of Pills or Powders must be obvious to every intelligent person. It operates more immediately and effectually upon the system, and at the same time is infinitely less difficult to administer, being quite agreeable to the taste. It not only produces all the effects where physic is required, but completely removes habitual Costiveness, leaving the bowels perfectly free. It expels all humors from the blood, is a certain cure for the Piles, Regulates the action of the Liver, frees the stomach from Bile, invigorates the whole Nervous System, and removes the cause of all local pains, such as *Rheumatism, Neuralgia, Tic Doloureux, Gout, Pain in the Head, Side, Stomach, &c.*

It may also be relied upon in all diseases of the Bowels—DYSENTERY, DIARRHŒA, AND CHOLERA MORBUS, yield at once to its magical influence. Again we repeat, TRY IT!—it needs no other recommendation. No family will be without it after they have properly tested its merits. Reader, if you have tried other remedies, without success, despair not—relief is now at hand. Are you suffering from Scrofula, six bottles of my Liquid Cathartic will cure you. Would you be relieved from habitual Costiveness, three bottles will effect all that you desire. If you are afflicted with Rheumatic, Neuralgic, or other local pains, two bottles will free you from them.—All humors will be eradicated from the blood by the use of from one to six bottles. In short, if you require a physic for any purpose, this is the most reliable, safe, and agreeable to the taste that has ever been placed within the reach of the public.

PRICE $1,00.

Principal Depot at No. 38 Central Street, Lowell, Mass. Sold by Druggists generally.

True and false issues---which was right?

A month or two ago, in the course of a controversy with the Bangor Journal, we intimated that the "Strait" Whigs were for the most part composed of that portion of the old Whig party which was against the Maine Law in feeling, and pro-slavery in sympathies,—and that these were the true issues. The Journal denied this, however, very indignantly—in one of his leading articles, Mr. Sanborn said

"What the Strait Whigs, as a party, were opposed to prohibition, or desired an issue upon the question, is entirely without foundation, in fact."

And in another he said

"But this is a false issue. False, because the Maine Law has become a fact. It is no longer a question. It can't become an issue till some party proposes to repeal it. We say further, that it has never been an issue in this State, for no party has ever taken the field against it."

Again he said,

"If the [illegible] of the State of Maine is opposed to the Maine Law, it alters not our position, or the position of the Whig party, as our State Convention will soon show."

Well, that is the Convention has been held, and we ask our readers to examine its platform, and see whether we were right or not in our opinion. The resolution upon the liquor law is altogether [illegible] it goes in for a "judicious regulation of the traffic—and if that don't mean a [illegible] of the Maine Law, and the establishment of a license system, it don't mean anything. "No party has taken the field against the Maine Law," said the Journal. How is it now? Have not the Strait ones shown themselves to be exactly what they represented—that portion (and it was always a small one,) of the old Whig party which sympathises with the liquor interests—then again, take the slavery and anti Nebraska question. What a faint and miserable apology for northern free sentiment is there! What a miserable substitute for the strong, living active, practical feeling which swayed the old Whig party of the north—a party which was ever ready to do what it could for the cause of freedom, and in resistance of the encroachments of slavery. The Whig Convention of last year, declared that the Nebraska outrage must be righted—and that no Slave State must be admitted from that territory. The [illegible] of this year say they will do nothing, except to "mark the authors" of the outrage. The deed is done, and they acquiesce in it. This is not northern Whiggery—it is [illegible] exactly. It is merely a [illegible] to an outrage which they themselves have been forced to acknowledge as an outrage. It is the kind of northern sentiment which the south [illegible] to see and those who [illegible] Fillmore [illegible] The slave holders are willing we should [illegible], if we will only [illegible] thing against their schemes.

In view of the resolutions just passed at Portland, are we not right also in saying that the Strait ones [illegible] that portion of the old Whig party which was, [illegible] against [illegible] as [illegible] of the [illegible].

A Slim Representation.

[illegible] that the Strait Whig Convention [illegible] of men from every part of the State and tries to convey the impression that the old Whig party was fully represented. No [illegible] has been published, but we [illegible] the numbers present from each county. From [illegible], we ascertain that not more than six or eight towns out of the seventy in Penobscot and Piscataquis, could have been represented. All the delegates present from these two counties (they being reported together,) numbered but forty four. Of these, Bangor had 17, (made up from the usual enumeration.) Orono 10, Exeter and Carmel probably [illegible]. These four towns thus sent 34 at least, of the 44 from the two counties—leaving 10 delegates for the remaining 73 towns in Penobscot and the whole of Piscataquis. We understand there was but one from Piscataquis. It was about the same through the State.

[illegible] from the whole state, was only 162, according to the State of Maine—and of these, only [illegible] — Only eight from Hancock County, (and these from the city of Ellsworth)—none from [illegible] county of Washington—and one from Aroostook. From Oxford only 3.

The delegates were mostly from a few large towns. The old Whigs of this State, who are temperance and anti slavery men to the backbone, would not have given their assent to such a platform as was adopted at that Convention. They were not represented there, and will have nothing to do with a rum and hunker [illegible].

The Strait Whigs do not publish the list of delegates. We should be very happy to see the names, in the Bangor Journal, or the State of Maine, dare to lay them before the people.

The deceased female who was found dead with her lover a few days since in Brooklyn, New York, is proved to have been an inmate of a house of ill fame for five or six years; her funeral, attended by about 2000 persons, was got up on a splendid scale, by subscription, and the newspapers all over the country are making as much noise about the affair as they did about the death of Bill Poole, the prize-fighter. [illegible] at a high premium in New York, when [illegible] of the town who commit suicide [illegible] are thus honored in their [illegible].

The Fourth in Portland.—The day is celebrated in Portland under the direction of the City Council, by an elegant Floral Procession and an address and other exercises, with refreshments in a beautiful grove at Deering's Oaks. The address by Rev Mr. Pratt.

Fourth of July.—To-day being the anniversary of our National Independence of Great Britain, we shall omit the publication of any paper to-morrow morning, in accordance with the usual custom. There is to be no celebration in this city—the Council not deeming it proper to appropriate a sufficient sum for that purpose, and the meeting of citizens which was called not giving an expression in favor of a celebration.

Those who wish to enjoy the day pleasantly, cannot do better than to join in the excursion down river, in the steamer Penobscot. She will touch at Belfast, and other landings on the river. Music for this excursion by the Rockland Brass Band.

The Hoffer Family give a concert this and to-morrow evenings.

Upon this recurrence of our time-honored anniversary, there are some reflections which may be profitably indulged in by our people. Are we in truth carrying out the spirit of that glorious instrument which declared this a free and independent nation, and this government one of liberty and equal rights? Is our national government free and independent?—or has it become the instrument of slave-holders, for the extension and perpetuation of an institution which is diametrically opposed to every principle of freedom? If the latter, then have the people of the free north no political cause which may properly be considered on this, the birth-day of freedom? Is it not their duty to clear the national government from the contamination and the responsibility of slavery? And for the accomplishment of this object, should they not this day resolve to gird on their armor and do battle with the political party which goes for the Union and the Constitution with Freedom national, and not slavery national?

Macdonald and Fuller.

Macdonald said the repeal of the Missouri Compromise was right, and he voted for it.—Fuller said it was wrong, and he voted against it. Macdonald now acquiesces because the act was right, and Fuller acquiesces (see his speech at Augusta) although it was wrong. Which occupies the more honorable and consistent position?

Fuller, at the State Convention, covered the administration with his praise, and voted for the resolution of general approval. He said the "Nebraska measure was past and gone, and must be so treated," passed a warm eulogium on the President, his character as a gentleman, and his sound orthodoxy as a Democrat."

Again, he said, "with the single exception of the Nebraska measure, the administration is worthy of our hearty approbation."

Mr. Fuller voted for the French spoliation bill; the President vetoed it by advice of a majority of his cabinet. The veto was emphatically an administration act or measure, yet Mr Fuller now tells us that that administration act is "worthy of our hearty approbation." Macdonald has not sunk low enough to say that.

The $10,000,000 treaty for the Mesilla Valley, the most corrupt act of the 19th century, worthy of our hearty approbation!

The Ostend Conference and the $120 000,000 to be paid for Cuba, worthy of our hearty approbation!

Our neighbor of the Mercury copies from the Vicksburg Sentinel the report, in part, of a late speech of Jefferson Davis, a Southern fire-eater, and the leading man in Pierce's Cabinet, who ought to know the policy of the administration, because like "Chunkey," he "converted" it—in which it is stated that "he," Col. Davis,

"Showed, what we have heretofore endeavored to make clear to our readers, that the failure to acquire Cuba and to repel with proper spirit the insults to our flag by the Spanish authorities in Cuba is not chargeable upon the President, but upon Congress; that the President had done all in his power to vindicate the honor of our flag, with a view looking towards acquiring Cuba, but Congress had failed to do anything; that upon the Black Warrior affair his message was more warlike than that of Madison upon which the Congress of 1812 declared war, but there was not even a vote of confidence, nor anything placed at his disposal that would enable him to act efficiently in the matter. His comments, too, upon the position of the President in relation to State Rights, could not fail to satisfy all that in Pierce we have a man who will guard our rights and protect by his veto all assaults upon slavery."

All worthy, (says Mr Fuller,) "of our hearty approbation!"

The chivalrous bombardment of Greytown, worthy of our hearty approbation.

The well-understood license to Atchison and his minions to descend with bowie-knives and pistols upon Kansas, for the express purpose of overawing the people of that Territory and depriving them of the dearest rights of freemen and—though well known—not even rebuked by the administration to this hour—worthy of our hearty approbation!

Fire.—About 5 o'clock yesterday (Tuesday) morning, fire was discovered in the second story of the brick store on Exchange street, occupied by Mr. P. Lane, as a clothing store, (next door to the apothecary establishment of Messrs. Guild & Harlow.) The front room on the second floor was occupied by Mr J. H. Clergue, barber, the back room as a store room for saddles, harnesses, trunks, &c., by Messrs. Clements & Bachelder. The third loft by Mr. Lane, as a tailor's work-shop.

The fire was well under way before discovery, and burned the floors and ceiling of the second and third stories pretty extensively.—All the engines were on the spot, however, in a few minutes, and by well directed efforts, soon subdued the flames.

Mr. Lane's stock in the store, was removed without damage—but his loss in the workshop was between $100 and $200. No insurance.

Messrs. Clements & Bachelder lost harnesses, saddles, &c., to the value of $250 or $300. No insurance.

Mr. Clergue, the barber, was damaged in his fixtures, perhaps $50. No insurance.

The building, owned by Mr. Guild, was damaged $300 or $400. Insured in the Penobscot Mutual.

Messrs. Guild & Harlow would not allow any of their goods to be removed, and are consequently uninjured.

The origin of the fire cannot be ascertained.

Thanks to Edwards & Co.'s Express for papers in haste.

Ex-Governor Hubbard upon the Maine Law.

In its report of speeches at the Democratic State Convention, the Kennebec Journal gives the following—which leaves Governor Hubbard in a no-ways enviable position:

"[I] wish (said Gov. H.) to say a few words in regard to the Maine Liquor-Law, and I will say that it never should have been made a party test. I signed that law when I was Governor of this State because the Constitution required me to do so, and not because I was in favor of it. My predecessor in office (Gov. Dana) vetoed a similar law, and I approved his veto.—When I entered upon my term of office, I was approached by the friends of the Temperance Law in regard to the course I should pursue, and I told them not to bring the bill to me, for I should not sign it. It passed both branches of the Legislature, however, with a very heavy majority—in the Senate, I think, by a two-thirds vote; it was brought to me, and, though opposed to the Law, I could not find, upon rigid examination, that it was in any point unconstitutional. I therefore signed it, though with a distinct disavowal of being in favor of it. I said then, as I say now, that if I had been a member of the Legislature, I should have thrown both my vote and my influence against it. Some six months after its enactment, I conversed with some fifteen or twenty of its friends, and urged upon them some essential modifications." I regarded its provisions as too stringent. Those were my views then—they are my views now."

The Journal then gives the following extracts from the speech made by Gov. Hubbard, when he presided over the State Temperance Convention at Augusta, in 1852—about one month after his "conversation with some fifteen or twenty of the friends of the law"—and thinks, very justly, that there is quite a contrast.

In 1852, Gov Hubbard said:—

"The reform cannot be carried out whilst the inducements are held out on every side. Maine, true to her motto, has undertaken to direct: she has taken the first step in legislating on this subject, with a view of destroying the creature itself. He would only say with regard to the constitutionality, that if we can legislate for the extermination of ravenous beasts, we may for the extermination of this greatest of all evils. If a State may prohibit those articles of trade which are detrimental to the community, and legislate for the protection of its own citizens. Gov. Hubbard assured the meeting that he was with them in all measures coming strictly within the limits of the law, to control this great evil.

This Convention was made up of the most prominent and thorough-going Temperance men from all parts of the State, embracing H. H. Peck, George Downes, Anson P. Morrill, I. S. Kalloch, Woodbury Davis, Noah Smith, Jr., and numerous others of the same character.

The sentiments of the writer of the following are quite general among the honest portion of those who have been inclined to go with the "Strait" Whigs. The anti-Nebraska men among them say they cannot go that platform, in which Silver Grey Hunkerism is so thinly covered up by a pretence of indignation at the Nebraska outrage. One of the most prominent of the Strait Whigs in this county—a gentleman who was last year one of their candidates for office, has bolted the track since the Portland Convention—saying that that platform was more than he could stand.

What is the Living Question about Nebraska?

[I]s it whether the bill was wrong in the first place—or is it whether, being wrong, it ought to be repealed in so far as it admits slavery to the Territories?

The South care not what the North says of the past, if no attempt is to be made to restore the law of freedom. To say now that Congress is to do nothing and that the question is to be left to the people there, is simply the "squatter sovereignty" of Cass and Douglas, and on this platform the Nebraska Whigs at Portland have placed themselves. The platform in respect to slavery is even worse than that of the Hunker Democrats, for while the latter refused to endorse, except by implication the squatter sovereignty dogma, the "Straits" do it in so many words, when they say the "question will be determined by the inhabitants of these Territories" Can cough be[?] any [illegible] than this?

In 1854, a Whig State Convention was called and held, and having adopted the following resolution, to wit:

"Resolved, That in view of this act of perfidy (the repeal of the Missouri Compromise) the Free States ought immediately to raise the banner of repeal, and summoning to the contest every friend of Freedom, fight on and never furl that banner till this Compromise is fully and permanently restored, and we hereby pledge ourselves that we WILL NEVER CONSENT TO THE ADMISSION OF ANY SLAVE STATE from that territory, which was once solemnly dedicated to Freedom."

I felt bound to vote for Mr. Reed, the nominee of that Convention. The Convention of this year, says nothing about restoration, except to say it does not look to the action of Congress in the matter at all, but to the people of the Territories!

Now, the platforms of last year and of this are directly inconsistent with each other; and no one who honestly and sincerely supported Mr. Reed last year, on the resolution I have quoted, can support him on the resolutions of this year. As a consistent man, and one who believes to be true this year what he believed to be true last year, I cannot vote for Isaac Reed.

I will not act with those who do not openly, frankly, and boldly place themselves upon the doctrine of the restoration of freedom by the same power that exiled it.

An Old Whig.

The editor of the Sacramento Union has been shown a specimen of barley, the product of a single grain producing 151 heads, of which one of an average size contains 38 grains, showing a total of 998,800 per cent. A ripe raspberry, measuring three inches in circumference, was also presented.

Liquor Seizures. Marshal Weaver and his assistants made a seizure this forenoon, of ten packages on board of a schooner in the harbor, six barrels and four casks, marked to parties in this city and Oldtown.

Last evening a barrel of liquor was seized in a wagon in the street.—Mercury.

"Treasury Department.—Appointment of Light-house Keepers—W. A. Dyer to be keeper of the light-house at Portland breakwater, Maine. Salary, $400 per annum.

Edwin H. Stackpole to be assistant keeper of the light-house, at Whitehead, Maine. Salary $150.

City Affairs.

Monday Evening, July 2.

ORDERS PASSED:

—That the Street Engineers examine the lots of land on Harlow and Centre streets, and ascertain if any land was taken from Mr. Nathaniel Harlow, for which he received no allowance.

—For alteration of Franklin Bridge—(to remove the easterly end about 18 feet down stream.)

—For the fencing of Pine Grove Cemetery—(at an expense not exceeding $200.)

—For the Chief Engineer to sell any unserviceable hose carriages.

—For the Mayor and Commissioner of Streets to communicate such proceedings and agreements as have been made between the city and the Penobscot and Kennebec Railroad Company, relative to crossings, &c.—also what progress has been made in the building of any road, under any agreement.

—For the purchase of a lot and the erection of a school-house at Six Mile Falls.

—Also for the erection of school houses on Essex street and in the Burleigh district.

—For making a street from Franklin Bridge to the steam mill on Kenduskeag Stream.

—For making a sidewalk on the north side of York street, from Broadway to the house of B. S. Deane.

—For payment of certain bills and accounts.

—For the laying out of Division street.

—For Street Engineers to lay out Market street from Cumberland street to Meadow Brook.

REPORTS.

—Of leave to withdraw on petition of John Godfrey et als for alteration in the course of Drummond street.

—Of Street Engineers upon the railroad crossing at the Odlin road—that the Railroad Company should make 100 feet of said road, 30 feet wide, and turnpike and gravel the same. Laid on the table.

—Of Committee on Streets, in favor of repairing the sidewalk on French street.

—Of the Street Engineer, recommending that part of the sidewalk on Court street, opposite Thomas Jenness' lot, be removed and placed within the limits of the street line.

—Of Committee on Streets, of a plan and profile of a grade of that part of Columbia street between Middle and Union streets. Accepted, and grade established.

—Of Street Engineers, of the grade of Kenduskeag Avenue from Jefferson street to the house of the late Thomas Drew, Esq. Accepted, and grade established.

—Of same, upon the making of a stand for wood and hay, &c., on the city lot at the corner of Court and Hammond streets—that to prepare said lot will cost $1,200, and require the removal of 1421 cords of earth, and that the same cannot be placed on the lot next the river, as it would spoil the only chance the city have for gravel.

—Of Committee on By-Laws and Police Regulations, adverse to granting the petition of the Grattan Guards that the City Council will provide an armory for them at the expense of the city. The committee say they perceive no authority for the city to do so, except on the ground of aiding organizations which may be an assistance to the police department in times of emergency—and that in this view the city is already paying $200 a year for one large armory, which will accommodate all the companies that the city will be likely to need to strengthen the arm of the police.

—Of Committee on Accounts and Claims, granting leave to withdraw on petitions of Enoch P. Davis and Ichabod R. [illegible] for remuneration for damage to horses and carriage. City not liable in either case.

—Of Committee on By Laws, &c., granting leave to withdraw on petition of certain City Watchmen for increase of pay.

—Of Street Engineers, of the laying out of Main street from the northerly line of Davenport Square to the southerly line of the same, 100 feet wide—also of tract bounded by First and Cedar streets, containing the same number of feet as in the square south of Cedar street, and east of Main street, with plans of the same.

—Of same, fixing grade of Mechanic street, from State street northerly, to the top of the hill. Accepted, and grade established.

PETITIONS, ETC.

—Of Alonzo Brainard for allowance for the building of a sidewalk on Exchange street.

—Of John M'Laughlin et als, for a drain from Billings' stable to rear Estes & Whittier's Foundry.

—Of Daniel Fraser et als, to have Cedar Street laid out to Pearl Street.

Of Robert Rice and Nathaniel Folsom, for refunding of taxes paid by mistake on lot No. 93, Holland's plan.

—Communication of Mrs. Ann S. French relative to rights which she claims in Broadway Park. Referred to the Special Committee now existing on the subject of Broadway Park.

—Communication of Drs. Rich, Laughton, Seavey, Porter, Snell, Edgcomb and Mason, representing that although they are willing to use all proper efforts and make all reasonable sacrifices for the suppression of intemperance, yet they consider the regulation of the City Agency, by which the whole responsibility of the sale of said liquors is thrown upon the regular physicians, as uncalled for, unnecessary, and unjust—burdensome, and of great general inconvenience—that the responsibility properly belongs where the Legislature has placed it, in the hands of the Agent—that the restrictions pointed out by the law itself, and by the former regulations of the Agency, are sufficiently stringent, if strictly observed, to prevent persons from obtaining liquors at the Agency as a beverage," &c., and requesting that said new regulations be rescinded. Read and referred to Committee on the City Agency.

—Of the Health Officer, in relation to the Sewer on Hancock Street. Referred to Committee on Sewers.

—Of George M. Weston attorney of heirs of John T. Godcard, in relation to real estate erroneously taxed. Referred to City Solicitor, and Treasurer and Collector.

—Claim of Wm. O. Ayer, for damages for injury to his son by a fall in consequence of defect in school-house steps. Referred to Committee on Accounts and Claims.

—Ordinance additional providing for the regulation of the Harbor of Bangor (reported from Committee on By Laws, &c.) passed to be engrossed.

The Mayor's Monthly Statement shows the sum of $11,961,00 drawn from the Treasury.

In Convention. Gen. Samuel F. Strickland was chosen City Director in the Penobscot and Kennebec Railroad Company.

The Crops in Ohio and Indiana. A Louisville gentleman, who has just returned from a trip of several hundred miles through the southern parts of Ohio and Indiana, gives a most encouraging account of the condition of the crops:

"A larger quantity than usual was put in of both grains and roots, and the promise is of the most gratifying kind. In some localities the wheat has been very much lodged by the recent heavy storms, but in all it is headed very heavily, and so far, there is no appearance of rust.

Very abundant crops of potatoes have been put in, early and late, and the prospect is of the most encouraging description as to this important crop.

In all southern Ohio and south-eastern Indiana, corn was planted this year by the side instead of the acre, and notwithstanding too much rain and too little warm sunshine, the promise is good.

The United States Officers for the Crimea.—Horace Greeley says, in his last letter to the Tribune, respecting the officers of this government sent to the seat of war—

"Col Delafield and party of United States Officers, having been plumply refused permission to visit the French Camp if they are to proceed hence into the Russian, have left for some other point—I believe for Cronstadt—after a long tarry here. The French and English do not regard our people as sympathizing with them very strongly, and in this I guess they are right. Hence the lavish discourtesies on our officers. Col. D. was told here that he might visit the French camp after, but not before he had been in the Russian. I presume he will try to profit by this permission, such as it is."

Later from Havana.

New York, July 1. By the arrival of the steamship St. Lawrence last evening, we have Havana dates to the 25th. On the 14th a circular was issued by the Captain General forbidding all foreign Consuls from hoisting the flags of their nations except on the days marked in the Royal Decree of December 1851. It was [illegible] that the days mentioned in the Royal Decree were those upon which it is customary for the American Consulate to display the stars and stripes.

The trial of the arrested Creoles commenced on the 18th. The military tribunal has pronounced a verdict of not guilty against all persons charged with political offences, except Senors Guiral, Yzasy and Perez; the former has been sentenced to four years imprisonment in Spain, and the two latter, who are citizens of the United States, to two years imprisonment. Some excitement has been occasioned by reports contained in letters from Spain, that three Provinces of the Kingdom are in a state of revolt, and that M. La Pereula is marching against Madrid with an army of 20,000 men.

The wet season has set in, and smart showers were of daily occurrence.

The public health continued unusually good. Market for sugar was extremely active, and transactions to an important extent have taken place, with an improvement of at least 1/4 real on yellow and browns—whites remaining unaltered in price.

Most Shocking. We learn from the Bangor Journal, that in some town in the vicinity of Bangor, a young lady was "ailing somehow," and could not get any new rum! The Journal says that "Several days elapsed, and the [illegible] that was heard of the case a renewed attempt was making to obtain some!" This is a sad state of things, brother Journal, and you ought to see to it. Just such a case occurred here except that it was a French woman instead of a young lady. She couldn't get a drop, and went away feeling very sober about it, and the last that was heard of the case, she continued sober. Can't you do something to rally the people of the State, and make new rum a little more plenty? If not, the country will be "ruined," according to the best of our calculation. Nothing short of the efforts of the Bangor Journal can save it—anyhow!—Hallowell Mail.

Mud Geyser, at Fort Yuma, Cal.—The following description is by an officer of the United States army.—This wonderful spring of hot mud, which lies about 60 miles south of Fort Yuma, is situated on a vast plain, which extends eighty miles south from the Gila. The soil of the plain is of a dry mud, which was apparently at one time the bed of a lake or sea.—The landscape is of the most dreary, barren, and monotonous character. The Geyser covers fifteen or twenty acres. About the edges there is a warm, soft mud, with pools of warm water here and there. In the centre the mud bubbles like boiling Indian pudding, and a great quantity of steam is constantly rising, and is visible at a great distance. The mud and muddy water is frequently thrown more than a hundred and fifty feet high; and at these times the Geyser often makes a loud rumbling noise, distinct from that of the fall of the mud.

Washington Items.—Washington, July 1.—During the month of June, about twenty clerks, messengers and watchmen, have been removed from the Departments for political reasons. Mr. Waldo, Commissioner of Pensions, has not yet decided as to the acceptance of the Judgeship to which he was appointed.

The Pension Office commences issuing eighty acre bounty land warrants next Tuesday. The total number of applications received for land warrants up to the present time is 182,000.—The total number of adjudications 11,034, and the total number of warrants issued 7550. The net amount in the Treasury subject to draft is $8,438,712.

Bangor Trotting Park.—Fourth of July. There will be a trot to-day at the course which has lately been leased by James Simmons, of Boston, the celebrated dealer in horses. There will be trots forenoon and afternoon. In the forenoon the admission will be for one person with horse and carriage, 25 cents; in the afternoon, for gentleman and lady with horse and carriage, 50 cents. On Thursday also there will be a trot at 3 1/2 P. M.—Mercury.

Large Robbery. Mr. Charles R. Mixon of Chowan county, N. C., recently lost $6000 which he had drawn from the bank at Elizabeth city, and deposited it in his secretary. It is supposed to have been taken by a woman belonging to a gang of gipsies which had been encamped near his house, and who had been "doctoring" his wife.

Railroad Accident.—Winchendon, June 30. The noon train from Boston ran off the track below Winchester, caused by the expansion of the rails by the extreme heat, it is supposed, as it cannot be accounted for otherwise. The engine, tender and baggage car were thrown ten feet down a sand bank. The first passenger car was slightly injured.

The Apple Crop. The Rochester Union says that a beautiful crop of apples will be gathered in Western New York. The orchards are said to be laden with fruit. The Union thinks that the crop as will be so plenty that the inferior qualities will not be gathered at all.

The Crop of Strawberries.—We have been in places where strawberries were plentiful before—we imagined we had eaten good ones, and large ones, and knew what they were. But to assert a fact of this nature without passing a harvest here is only to appear ignorant indeed. If you want to see them in their perfect profusion,—if you desire them as large as pineapples, and as rich as the heart of paradise, come to Paterson. Here they are sold at a price miraculously cheap and wonderfully proportioned.—Notwithstanding the continuous trains of wagons rattling through Main-street all night long, on their way to New York with thousands and thousands of baskets, bowls and boxes, yet the richest and freshest are sold in our own market.

On Saturday last strawberry wagons lined the street at three cents—at noon they were 2 1/2—and by sundown or dark they were offered in all directions at 2 cents the largest basket.

By this time from the county bridge to the theatre was a continuous line of strawberry vehicles, with the luscious fruit displayed, and the air was redolent of their perfume.

Men and women, boys and girls, white, black and cream-colored, were traversing the streets hither and thither with their baskets, dishes, pans and buckets, filled with their Sunday's supply. For they are cheaper than bread or potatoes, and how much better? We do not eat strawberries here as in other places, like a luxurious dainty—perhaps upon a little glass preserve dish. No! here you are furnished with a bowl or a large white Dutch saucer, filled with as many as you can eat, and a plenty more in the middle of the table—not once a day, but morning, noon and night. We never saw them so plentiful before. We repeat it, wherever you go for aught else, come to Paterson if you would live on strawberries.—Paterson (N. J.) Guardian, 26.

Extensive Post Office Robbery.—Chicago, June 30.—The special mail agent, Mr. Pinkerton, this morning arrested Theodore P. Denniston, a clerk in the Post-office here for robbing the mails. $1000 in bank notes were found in his room. It is the general belief that $10 000 to $15,000 have been lost from the mails in this manner. The brother of Denniston was arrested in April last for the same offence. Denniston is now in jail.

A CARD.

The undersigned returns his sincere thanks to the Fire Department and citizens, for their successful exertions this morning to extinguish the fire in his building.

A. P. GUILD.

July 3, 1855.

Holloway's Ointment and Pills, certain remedies for Rheumatism.—Henry Foot, aged 52, of Natchez, Mississippi, was a severe sufferer from this complaint and tried a number of reputed remedies, hoping they would benefit him; but he became so bad at last as to be entirely confined to his bed, and he was unable to move either hand or foot. While he was in this terrible condition a friend brought him a quantity of Holloway's Ointment and Pills, which he immediately commenced to use, and he soon found himself gradually improved by them, and by persevering with them for eleven weeks he was entirely cured, and has since enjoyed the best of health.

First Premium

PIANO FORTES!

WE have received the agency, for Bangor and vicinity, for the sale of

Brown & Allen's Piano Fortes,

which are acknowledged by competent judges to be, in the essential requisites of a Piano, the *best* now made in this country.

Mr. Brown was of the old firm of Brown & Hallett, (whose Pianos have been long in the market, and are much admired for their durability and purity of tone) subsequently ten years foreman in the justly celebrated manufactory of the late Jonas Chickering, Esq., where he perfected and applied his PATENT GRAND ACTION.

Piano Fortes of their manufacture are distinguished for evenness, pure musical quality of tone, and superior elastic action. See extract from Report of Committee on Musical Instruments, at the Rhode Island society for the encouragement of Domestic Industry, holden September 12th to 16th, 1854.

"After a careful examination of the workmanship, externally and internally, and after repeated trials and hearings, your Committee feel prepared to say that this (*Brown & Allen's*) Piano Forte is one of the very best they have ever met with in the course of some *seventeen* years observation of the progress of Piano Forte manufacture in this country. In *purity*, combined with *power and mellowness of tone*, in evenness of tone from the bottom to the top of the scale; in the great excellence of the action, in thoroughness and elegance of workmanship throughout, in all the qualities, in short, which unitedly constitute a first rate Piano Forte, this instrument, in the opinion of your Committee, has not been surpassed by any Square Piano Forte hitherto produced among us, and they consider it eminently worthy of the highest premium in this department."

Read the following certificate from a well known competent judge

—CERTIFICATE—

To whom it may concern.—I have had occasion to use, and to select for many of my friends, Piano fortes made by Messrs Brown & Allen, and I do not hesitate to say that their instruments are not second to those made by any other person or persons in the city, and in many of the more important points, such as purity of tone and neatness of touch, durability, &c., I cannot but give to them the preference. I would therefore recommend to those who may wish to purchase, to call at 351 Washington street and examine for themselves. B. F. BAKER.

Boston, Mass , June 20, 1854.

Stockholders' Meeting Of the Penobscot & Kennebec Railroad Company.

THE Stockholders of the *Penobscot & Kennebec Railroad Company* are hereby notified that their Annual Meeting will be held on TUESDAY the tenth day of July, A. D. 1855, at ten o'clock A. M., to act on the following articles

1st—To fix upon the number and choose the necessary board of Directors for the ensuing year

2d—To hear and act upon any report of the Directors or any officer of the Company, which may be submitted.

3d—To see what measures, if any, they will authorize the Directors to take in relation to the [illegible] or sale of any stock, or the issuing of bonds to meet the wants and liabilities of the company.

4th—To act upon any other matter which may legally come before the meeting.

By order of the Directors

MOSES L. APPLETON,
Clerk of the Pen & Ken. R. R. Co

Bangor, June 19 1855 [illegible]

Central Market House Co.

NOTICE is hereby given that three assessments, being the ninth, tenth, and eleventh, amounting to one hundred and thirty dollars on every share of the capital stock of the *Central Market House Company*, has been voted and ordered, and will be due and payable to the Treasurer, at his place of business, No. [illegible] Central street, in Bangor, as follows:—the ninth assessment of [illegible] dollars on the twenty-[illegible] day of June instant; the tenth assessment of forty dollars on the [illegible] day of July next; the eleventh assessment of [illegible] dollars on the tenth day of August next.

Through tickets sold to Boston and Portland, as heretofore.

EDWIN NOYES, Sup't.

March 27, 1855.

DR. J. H. SCHENCK'S

SEA WEED TONIC,

—FOR THE—

Cure of Dyspepsia.

THIS remedy is composed of a compound preparation of a common weed growing along the sea shore, and is a certain remedy for the cure of Dyspepsia and its accompanying diseases, to wit:

Sour and Sick Stomach, Loss of Appetite, Headache, Pain in the Side and Breast, Palpitation of the Heart, Ulcers and Eruptions of all kinds, Chills and Fever, Gravel and Diseases of the Kidneys, Nervousness, Weakness of the Limbs, Fainting Spells, and all diseases peculiar to Females.

Nearly every person is more or less afflicted with Dyspepsia or some of the diseases connected with it, and it is with feelings of pleasure that Dr. Schenck can announce to all such, the discovery of the virtues of the Sea Weed, which is just the remedy for their ailments. Dyspepsia and the many diseases arising from it, is caused by the deficient secretion of the gastric juices, and weakness of the powers of the stomach. The effect of the Sea Weed Tonic is felt soon after it is taken, as it supplies at once the principles of the deficient gastric juice, and the food is digested naturally. In fact the Tonic so nearly resembles the natural gastric juice that chemists even find difficulty in distinguishing them. It gives tone and strengthens the stomach, thus enabling it to secrete the proper quality and quantity of Gastric juice, and Dyspepsia and all its diseases soon disappear.

It is a well known fact that those suffering like Dyspeptics, for in addition to the Dyspepsia there is often either Headache, Sour and Sick Stomach, Pain in the Side, Palpitations of the Heart, Chills and Fever, Gravel, Disease of the Kidneys, Nervous Weakness and Tremors, General Debility, Faintness, Loss of Appetite, Bad Taste, Fever, Stoppages in Females, all of each of them arising from a disordered state of the Stomach, and here is a newly discovered *remedy*, for the trifling cost of one dollar, that will cure all this train of disease.

Now, Dyspeptic, will you not avail yourself of his remedy for so trifling a cost? or will you still suffer on? The choice is for you to make. The Sea Weed Tonic is a pleasant bitters, giving a person a good appetite and good digestion. It is put up in quart bottles, always agrees with the stomach, and *one bottle* generally effects a cure. Whenever the bowels are costive, the tongue furred, or the complexion sallow, a few of Schenck's Mandrake or Liver Pills are to be used. A box of these Pills accompanies each bottle of the Tonic, and will be found in a recess of the bottle, covered with a label.

SCHENCK'S

MANDRAKE PILLS

Will be found to possess those qualities necessary to the total eradication of all bilious attacks, prompt to start the secretions of the liver and give a healthy tone to the entire system. Indeed, it is no ordinary discovery in Medical Science, to have invented a remedy for these stubborn complaints, which develope all the results produced by a heretofore free use of calomel—a mineral justly dreaded by mankind—and acknowledged to be destructive in the extreme to the human system. That the properties of certain vegetables comprise all the virtues of calomel, without its injurious tendencies, is now an admitted fact, rendered indisputable by scientific researches; and those who use the Mandrake Pills will be fully satisfied that the best medicines are those provided by nature in the common roots and herbs of the fields.

The Pills open the bowels and correct all bilious derangements without salivation, or any of the injurious effects of calomel or other poisons. The secretion of bile is promoted by these Pills, as will be seen by the altered color of the stools, and the disappearing of the sallow complexion and cleansing of the tongue.

Ample directions for use accompany each box of Pills, and the price of a quart bottle of the Sea Weed Tonic and box of Pills combined is only one dollar. But separate boxes of Pills can be had of any of the agents for 25 cents.

These remedies are prepared under the personal supervision of Dr. J. H. Schenck, proprietor of Schenck's Pulmonic Syrup, the well established remedy for Consumption, Bronchitis, Coughs, Colds, &c., &c., and the inventor of the celebrated Respirometer, for examining and detecting all diseases of the Lungs, Heart, &c.

Oldtown, April 23, 1855. tf

New England Roofing Company,

MANUFACTURERS OF

WARREN'S IMPROVED

Fire and Water Proof Composition Roofs,

Office—7 Liberty Square, Boston.

THIS Company would respectfully solicit the attention of Builders, Architects, Manufacturers, and the Public, to this much approved system of Roofing, which has been very generally adopted in the cities of Buffalo, Cincinnati, Chicago, and St Louis, and within the past year in Boston and vicinity, where it has given entire satisfaction. It is rapidly superseding the use of all other kinds of Roof, and is confidently offered to the Public, as a mode of Roofing unobjectionable in every important particular.

The materials employed are none of them subject to corrosion or rust, like the metals, nor will they expand and contract with the changes of temperature, like *tin* and *iron*, nor shrink in dry weather, and swell in damp, like shingles, and other wood coverings.

It combines in a greater degree than any other Fire Proof Roof now in use, the valuable requisites of cheapness, durability, and security, against both Fire and Water.

These roofs require an inclination of not more than one inch to the foot, leaving it in good condition for a promenade for drying purposes, and is of particular advantage to adjoining buildings in the event of Fire.

They are afforded at a much less price than any other Fire Proof Roof. The amount of material saved, and which would be used (by the old method) in raising the walls, and framing a steep Roof, still further reduces the cost of the building.

Another advantage gained, is the securing of rooms in the Upper Story, of the same dimensions and quite as commodious, as those in the lower part of the building. The expense of a Three Story building, with this improvement, not being greater than that of a building of two stories with the pitched roof. There is a further saving in the cost of gutters.

These roofs are not affected by the jar of machinery—like those of Tin or Slate.

The Composition is so prepared that it is not affected by the extremes of heat or cold.

In case of injury from any cause whatever, no roof is so easily or quickly repaired.

Further information obtained by applying at either of the Company's Offices.

L. WILLCUTT,
General Agent for New England.

[Continued from last week

Radway's Regulators.

The Third Great Medical Discovery of Radway & Co.

ONE REGULATOR is sufficient to regulate the Bowels, Liver and Pancreas, to a healthy discharge of their functions.

Two will insure a pleasant discharge from the Bowels, at a regular period of time every day.

Four to six will purge thoroughly all corrupt and acrimonious humors from the alimentary canal.

Important to Pill Takers.

Every one who is in the habit of taking pills will find RADWAY'S REGULATOR the most pleasant, safe, and efficient regulator of the Bowels, Liver, Pancreas, and the most certain *Purifier of the Blood* in use.

One of *Radway's Regulators* is superior, in point of medical strength and efficacy, to six of the most popular and best approved cathartic pills.

Radway's Regulator.

Radway's Regulators are most carefully prepared from extracts and gums of rare plants, roots and herbs. There are no pills in use that will act upon the Liver, Pancreas, Bowels, the Salivary Glands and Nerves, so pleasantly and effectually as the R. R. REGULATORS. No pills can be taken for any length of time with the same safety to the constitution, for, instead of debilitating the system by powerful and drastic purging, they act pleasantly upon the bowels and impart strength to every nerve and tissue of the body.

Regulators vs. Pills.

We are continually asked, What is the difference between Radway's Regulators and ordinary pills?

We answer that pills, as they are ordinarily prepared and sold by different manufacturers, are generally of two kinds—those which operate on the bowels merely, called purgative pills, and those which excite the secretion of the liver, and are called mercurial or liver pills. Radway's Regulators resemble pills merely in shape, but differ in every other characteristic. They act not only on the bowels, but on the liver, skin, pancreas, and kidneys, regulating each organ to a healthy action. They are not drastic, and never gripe as most purgative pills do. They stimulate the liver without endangering the patient with salivation, as mercurial pills do, containing no mineral in their composition; they are harmless when used for a length of time. They are tasteless, being enveloped in an elegant coating of gum. 1 to 3 regulate, 4 to 6 purge—good at all times.

As a Family Physic

RADWAY'S REGULATORS are the most innocent, safe, mild and pleasant pills in use. They are a quick and certain cure for Costiveness, Indigestion, Liver Complaint, Kidney Complaint, Jaundice, Head Aches, Nervousness, Melancholy, Diseases of the Bladder.

Female Complaints,

Leucorrhoea, Fluor Albus, Whites and Irregularities of all kinds.

Bilious Diseases,

Bile on the stomach, Bilious Cholic, Enlargement of the Spleen, and all Chronic Affections of the Liver and Kidneys.

R. R. R. REMEDIES are sold by Druggists everywhere.

For great cures performed in a short time by R. R. Relief, see next week's paper. R. R. R. Remedies act quick—the moment they are taken or applied their health-restoring efficacy is experienced.

H. H. Hay, Druggist, Portland, general agent for the State of Maine.

A. & P. LEIGHTON & CO.

PUBLIC HOUSES.

Eveleth House,

At Foot of Moosehead Lake, GREENVILLE, ME.

W. H. CROSSMAN, formerly of the Waterville House, Waterville, and JOHN SHAW, formerly of the King House, Bath, would respectfully announce to the public, generally, that they have taken the above named new and convenient House, and furnished it throughout with substantial and elegant furniture, and are prepared to furnish the Traveling Public or Pleasure Parties, with better accommodations than can be found at most Hotels in large cities.

As a Summer Retreat

For Hunting, Fishing, Bathing, or to the lovers of Beautiful Scenery, this House and location offers great attractions—more probably than any in the State of Maine.

Persons traveling for business or pleasure will find at this House a table well supplied with the Luxuries of the season, good Rooms and every accommodation which can be desired.

The subscribers hope, by strict attention to business, and keeping in every respect a good House, to receive a liberal share of patronage.

CROSSMAN & SHAW, Proprietors.

Greenville, Jan. 20, 1855. tf

WADLEIGH HOUSE,

OLDTOWN, ME.

S. W. DUDLEY.

The above well known stand has been thoroughly overhauled and renovated, and in all its appointments the comfort of the traveling public has been consulted. feb1

STANLEY HOUSE,

WATER STREET, AUGUSTA, ME.

W. RICKER, would respectfully announce to the traveling Public that he has reopened the Stanley House, Augusta, and furnished it throughout with NEW and ELEGANT FURNITURE, and made every arrangement necessary to continuing it as a First Class Hotel.

This is the most centrally located House in the city, being directly opposite the Depot, and in close proximity to the steamboat landing, Court House, Post Office, and but a few minutes' walk from the State House.

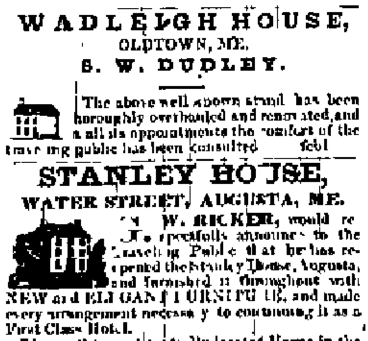
Business men, or persons traveling for pleasure, will find that this House affords every convenience or luxury that can be desired, and the Proprietor is determined to spare no pains to make it in every respect equal to none in the State.

Books for all Stages leaving town will be kept at this House.

In connection with the above are good Stables with attentive and careful Hostlers.

Nov. 23, 1854.

LET US REASON TOGETHER



HOLLOWAY'S PILLS.

WHY ARE WE SICK?

IT has been the lot of the human race to be weighed down by disease and suffering. HOLLOWAY'S PILLS are specially adapted to the relief of the WEAK, the NERVOUS, the DELICATE, and the INFIRM, of all climes, ages, sexes and constitutions. Professor Holloway personally superintends the manufacture of his medicines in the United States, and offers them to a free and enlightened people as the best remedy the world ever saw for the removal of disease.

These Pills Purify the Blood.

These famous Pills are expressly combined to operate on the stomach, the liver, the kidneys, the lungs, the skin, and the bowels, correcting any derangement in their functions, purifying the blood, the very fountain of life, and thus curing disease in all its forms.

Dyspepsia & Liver Complaint.

Nearly half the human race have taken these Pills. It has been proved in all parts of the world that nothing has been found equal to them in cases of disorders of the liver, dyspepsia, and stomach complaints generally. They soon give a healthy tone to these organs, however much deranged, and when all other means have failed.

General Debility. Ill Health.

Many of the most despotic Governments have opened their Custom Houses to the introduction of these Pills, that they may become the medicine of the masses. Learned Colleges admit that this medicine is the best remedy ever known for persons of delicate health, or where the system has been impaired, as its invigorating properties never fail to afford relief.

Female Complaints.

No Female, young or old should be without this celebrated medicine. It corrects and regulates the monthly courses, at all periods, acting in many cases like a charm. It is also the best and safest medicine that can be given to children of all ages, and for any complaint—consequently no family should be without it.

Holloway's Pills are the best remedy known in the world for the following Diseases:

Asthma	Dropsy	Inward Weakness
Bowel Complaints	Debility	Lowness of Spirits
Coughs	Fever and Ague	Piles
Colds	Female Complaints	Stone and Gravel
Chest Diseases	Headaches	Secondary Symptoms
Costiveness	Indigestion	
Dyspepsia	Influenza	Venereal Affections
Diarrhoea	Inflammation	Worms of all kinds

Sold at the Manufactories of Professor HOLLOWAY, 80 Maiden Lane, New York, and 244 Strand, London, and by all respectable Druggists and Dealers of Medicines throughout the United States, and the civilized world, in boxes, at 25 cts, 62½ cents, and $1 each.

☞ There is a considerable saving by taking the larger sizes.

N. B. Directions for the guidance of patients in every disorder are affixed to each box.

Fisk's Patent Metallic BURIAL CASES!

THESE CASES are extensively used, and possess valuable advantages over all other Coffins, for transportation, Depositing in Vaults, or for ordinary Interments. They are made of the most Imperishable Materials, also enamelled inside and out to prevent rust or corrosion, and when properly cemented, we have the gratifying reflection that the bodies of our deceased loved ones enclosed in them are *free from Intrusion of Water or Depredations of Vermin*, and may, without offensive odor, be kept, obviating the necessity of hasty burials, or if desired, transported to a distant land. The remains of the late

Hon. Henry Clay, Daniel Webster,

and many other distinguished persons, are entombed in receptacles of this kind.

Also, Mahogany, Black Walnut, Birch and Pine

COFFINS,

of all sizes, constantly on hand at the Furniture Ware Rooms of

KENNEDY'S

MEDICAL DISCOVERY.

The Greatest of the Age!

MR KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures *EVERY KIND OF HUMOR*, from the worst Scrofula down to a common pimple. He has tried it in over eleven hundred cases, and never failed except in two. He has now in his possession over two hundred certificates of its value, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth.

One to three bottles will cure the worst kind of pimples on the face.

Two to three bottles will cure the system of biles.

Two bottles are warranted to cure the worst canker in the mouth and stomach.

Three to five bottles are warranted to cure the worst case of erysipelas.

One to two bottles are warranted to cure all humors in the eyes.

Two bottles are warranted to cure running in the ears and blotches in the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruptions of the skin.

Two to three bottles are warranted to cure the worst case of ring worm.

Two to three bottles are warranted to cure the most desperate cases of rheumatism.

Three to six bottles are warranted to cure salt rheum.

Five to eight bottles will cure the very worst case of Scrofula.

A benefit is always experienced from the first bottle, and a perfect cure warranted when the above quantity is taken.

Nothing looks so improbable to those who have in vain tried all the wonderful medicines of the day as, that a common weed, growing upon the pastures, and along old stone walls, should cure every humor in the system. Yet it is now a fixed fact. If you have a humor it has to start. There are no ifs nor ands about it, suiting some cases but not yours. He has peddled over a thousand bottles of it in the vicinity of Boston, and knows the effects of it in every case. It has already done some of the greatest cures ever done in Massachusetts. He gave it to children a year old, to old people of sixty, and has seen puny looking children, whose flesh was soft and flabby, restored to a perfect state of health by one bottle.

To those who are subject to sick headache, one bottle will always cure it. It gives great relief in catarrh and dizziness. Some who have taken it have been costive for years, and have been regulated by it. Where the body is sound it works quite easy, but where there is any derangement of the functions of nature, it will cause very singular feelings, but you must not be alarmed—they always disappear in from four days to a week—There is never a bad result from it—on the contrary, when that feeling is gone, you will feel yourself like a new person. I heard some of the most extravagant encomiums of it that ever man listened to.

No change of diet ever necessary. Eat the best you can get and enough of it.

Roxbury, Sept 10 1853

This is to certify that H. H. HAY, Druggist, Portland, is the duly AUTHORISED GENERAL AGENT for my MEDICAL DISCOVERY for the STATE OF MAINE, and that he is supplied with the GENUINE, direct from my Laboratory.

(Signed) DONALD KENNEDY.

House-keepers, look at this

Admirable Invention!

JUST RECEIVED!

ANOTHER LARGE LOT OF

PATENT SELF HEATING

SMOOTHING IRONS!

MANY important improvements have been made since the beginning of the present century, relieving and facilitating the labor of men by machinery and other modern implements, but few have been nearly neglected until the introduction of the *Patent Self Heating Smoothing Iron*, which will relieve them in a very great degree, from the excessive and fatiguing labor of Ironing, besides being a great saving of time and expense. This Iron combines economy, convenience, saving of labor, and despatch—one cent's worth of dry charcoal supplies fuel for a whole day's constant ironing. Hard wood coal from the stove will answer the same purpose. It can be used in any room or in the open air. Hatters' and Tailors' Irons are constructed upon the same principle, and possess equal superiority.

For sale, wholesale and retail, by the subscriber, who is the only Agent for Penobscot County.
